RE: Request to Speak at April 8 Meeting

Dear City Council:

Thank you for listening to the concerns of your constituents.

This letter is to request to speak at the April 8 City Council Meeting. We would like to request that an additional street lamp be installed on our block as soon as possible.

We would also like to address concerns related to the City's budget and its lack of allotment to law enforcement.

Thank you in advance for your consideration of our request.

Sincerely,

Brian Amend
